

CALL FOR PAPERS

BM PRIMAT2026

CONNECTING IN-SITU AND EX-SITU PRIMATE CONSERVATION: LEARNING, LEGITIMACY AND REGIONAL COLLABORATION

The first **BM PRIMAT2026** (Primatology, Communities Engagement and Conservation Futures), organized by Bukit Merah Orang Utan Island Foundation (BMOUIF) and Universiti Sains Malaysia (USM) aims to bring together voices from across disciplines and regions to strengthen collaborations between scientists, local communities and conservation partners in developing sustainable and community-centered strategies for the future of primate and habitat protection. **BM PRIMAT2026** distinguishes itself by integrating scientific primatology with social and community perspectives, offering a holistic approach to primate conservation and sustainable futures.
