program highlight

① Explore: Wildlife Explorer

Participants will embark on a guided tour of the island, learning about orangutans, their ecosystems, and the importance of wildlife conservation. They'll explore the natural environment and discover ways to protect it.

② Engage: Habitat Heroes

This involves gotong royong activities where students help clean and maintain the island. They'll take part in a collaborative effort to restore habitats, engage in recycling drives, and beautify the surroundings.

PROGRAM OVERVIEW

③ Empower: Awareness Makers

Encourage participants to share their experiences from the sanctuary and spread the word about orangutan conservation. They can use hashtags, tag the sanctuary, and invite their friends, family, and community to join in raising awareness and inspiring others to get involved.

COMING SOON ④ Enhance: Forest Rebuilder

Coming Soon! We're excited to introduce these activities, which play a crucial role in supporting our ex-situ foundation. By actively contributing to the creation and maintenance of a healthy, sustainable environment, we aim to provide a nurturing home for endangered orangutans living outside their natural habitat.

We believe this program will not only offer an enriching experience to participants but also inspire them to become advocates for conservation. We would be happy to tailor specific activities to suit the learning objectives of your group if needed.

#OrangutanConservation, #SaveOurOrangutans

ITINERARY

- 09:45am - **Depart to Orang Utan Island**
09:55am
- 10:00am - **Education and Engagement**
