Veterinary Workshop 2

This is 1-Day workshop package. The combination of Workshop 1 + Enrichment project.

Enrichment

Choose Module 1 or Module 2.

Spent more time here and add-ons enrichment activities in your workshop. We'd also like to recommend some other activities that you may find interesting. Participants will experience to create and make enrichment tools for our orangutans.

Module 1

Food
Enrichment

Activity that involves creating several types of food enrichment tools / toys on specific diet in a creative ways.

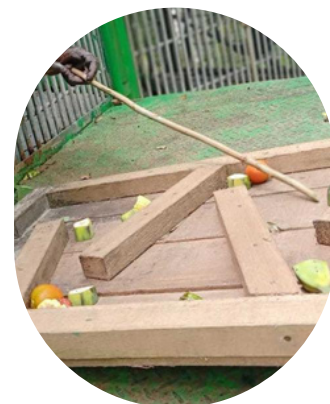

For example: Create prototypes of feeder for Orangutan using coconut/banana leaves.

Module 2

Cognitive
Enrichment

Cognitive enrichment includes novel objects that occupy the orangutan's time in a captive setting.

For example: Create Orangutan puzzle feeder using bamboo.
